The ongoing spread of the Coronavirus has had and will continue to have a material adverse impact on local economies in the affected jurisdictions and also on the global economy as cross-border commercial activity and market sentiment are increasingly impacted by the outbreak and government and other measures seeking to contain its spread. In addition to these developments having potentially adverse consequences for underlying portfolio investments of the HarbourVest funds and the value of the investments therein, the operations of HVPE, the Investment Manager, and HVPE's portfolio of HarbourVest funds have been, and could continue to be, adversely impacted and could materially and adversely affect the Investment Manager's ability to source, manage and divest its investments and its ability to fulfil its investment objectives. Similar consequences could arise with respect to other comparable infectious diseases.
